Think Outside the Booth!

NAAA offers a wide range of sponsorship opportunities to increase the visibility of your brand beyond the exhibition hall.

By becoming a sponsor, buyers will:

- Remember your company, services and products
- See you as a supporter of the ag aviation industry
- Recognize your brand
- See you as a partner and industry visionary
- Hold you above others in purchasing decisions

About NAAA's Ag Aviation Expo

National Agricultural Aviation Association (NAAA) represents nearly 1,500 members in 46 states. NAAA represents the interests of small business owners and pilots licensed as commercial applicators that use aircraft to enhance food, fiber and biofuel production, protect forestry and control health-threatening pests. Furthermore, through its affiliation with the National Agricultural Aviation Research & Education Foundation (NAAREF), the NAAA contributes to research and educational programs focused on enhancing the efficacy, security and safety of aerial application.

We are expecting a large audience of around 1,500 aerial applicators in Fort Worth at our annual Ag Aviation Expo. In a recent post-Ag Aviation Expo survey, 75% of attendees reported that they are 'very likely' to use the products and services of Ag Aviation Expo sponsors.

Branding at the Ag Aviation Expo is a great opportunity for you to get your message in front of the agricultural aviation industry and reach a targeted and nationwide audience of aerial applicators in North America; an audience that is responsible for applying 28% of crop protection products to commercial cropland in the U.S.
